Chief Engineer, P.W.D., (Gl.&Ldgs)
Chepauk, Madras-5.

To
The Secretary to Government,
Public Works Department,
Madras.

LETTER No.1880. E2/51-29, dated 21st April, 53.

Sir,

Sub:-Establishment - Public Works Department - Temporary
- Coimbatore Circle - South Kanara Division -
Survey work connected with improvements to the Port
at Mangalore - continuance of special staff -
sanction - requested.

=====

Copy sent 15-4-53

In G.O. Ms. No.2749, Public Works, dated 27-6-1952, the Government sanctioned the continuance of the following posts till 30-4-1953 or till the work is completed whichever is earlier for survey work in connections with improvements to the Port of Mangalore.

One Assistant Engineer.
Six Supervisors
One Upper Division clerk
One Lower Division clerk

(pto)

Two Peons.

2. The Superintending Engineer, Coimbatore Circle has now submitted proposals in his letter No.A6.530/53 dated 25-2-1953 (copy enclosed) for the continuance of the posts noted in the *margin beyond 30-4-1953, till 31-10-1953.

"One Assistant Engineer
Four Supervisors
One Upper Division Clerk
One Lower Division clerk
Two peons.

3. In the circumstances stated by the Superintending Engineer, I commend that sanction of Government may please be accorded to the conti-

nuance of the above staff beyond 30-4-1953, till 31-10-1953.

4. As the existing sanction will expire by 30-4-1953, I request that urgent orders may kindly be issued in the matter.

Ref. No. A6.530/53
No. _____, dated 25-2-53. 195

Sir,

Sub: Ports - Mangalore Port - Model experiments -
Survey staff.

In G.O. No. MS. 2749 P.W. dated 27-6-52, sanction was accorded to the employment till 30-4-53 of the following staff for survey work in connections with Improvements to the Mangalore Port.

Assistant Engineer.	one.
Supervisors.	six.
Upper Division Clerk.	One.
Lower Division Clerk.	One.
Peons.	Two.

I forward herewith a copy of letter 179/7916 dated 19-12-52 from the Director, Central Water and Power Research Station, Poona, to the Executive Engineer, South Kanara Division, where he has required the continuance of the gauge readings in the stations in the Netravati and Gurupur rivers up to end of October 1953. The Executive Engineer, South Kanara Division reports that to attend to the above and to complete the items of works still remaining to be done as detailed in the letter No.850 E dated 13-11-52 of the Sub Divisional Officer in charge, (copy enclosed) the special staff would require to be continued beyond 30-4-53 with a reduction in the strength of supervisors from 6 to 4. I therefore request that you will please obtain sanction of Government to the continuance of the following staff beyond 30-4-53 till 31-10-53.

Assistant Engineer.	1
Supervisors.	4
Upper Division Clerk	1
Lower Division Clerk.	1
Peons.	2

I have already reduced the strength of supervisors from 6 to 4 with effect from 1-2-53.

Encl: 2 copies of letters.

Sd. O.R. Narayanaswami Ayyar,

(1) 9 Cross sections of Netravathi river are yet to be taken for the reach Thumbe to Panemangalore bridge.

(2) 15 cross sections of Gurupur river from Gut to Sultan's Battery and 8 for Netravathi river from Gut to railway bridge are to be taken.

(3) Short cross sections of North and South sand spits are to be taken again during spring Tide for both H.T.L. and L.T.L. conditions.

(4) Cross sections of sea coast extending into the sea up to 15' depth at Someshwar Temple are to be taken.

(5) A gauge is to be erected in the sea for measuring the length of waves. Regarding details etc. the Director has been addressed.

(6) Providing and fixing of about 30 bench mark stones 2'-6" x 0'-9" x 9"-9" at one mile distance in the banks of
n.t.n.

16
of Netravathi and Gurupur rivers and near Gauges including of inscription and painting charges.

(7) Providing and fixing 280 Nos. distance stones of granite 2'-0" x 0'-9" x 0'-6" at every 1000' on both sides of the Netravathi and Gurupur rivers upto last cross section inclusive of painting and inscription charges.

The last 2 items have been proposed to be given on contract and Executive Engineer has been addressed to call for tenders and settle a contractor [vide Sub. Division 809 E dated 29-10-52).

In addition to the above automatic tide gauge observations are being conducted in the tide House and the daily tide gauge readings are being sent to Director, Central Water and Power Research Station, Poona and the Observations etc. are being attended to as per instructions of Director from time to time.

GOVERNMENT OF INDIA.
Central Water & Power Research Station.

Copy of letter No. 179/7916 dated 19th December, 1952 from Director Central Water & Power Research Station, Poona-1, to the Executive Engineer, South Kanara Division, P.O.B. No. 5, Mangalore 3.

The Director, Survey of India, has sent me tidal curves for the automatic gauge for the period 19-8-52 - 31-8-52 with his letter No. T-5241/42-E-12/19 dated the 26th November 1952. A copy of this letter is also endorsed to you with a request to furnish me the records direct. I have not received so far any data of the automatic gauge collected after August 1952. I have to request to furnish me this data as early as possible. The hourly water levels extracted from the diagrams may be sent directly to the Director, Survey of India. - A plan showing the position of the automatic gauge may also be sent early.

2. As the automatic gauge is fixed only recently I would like you to continue as before the observations for the following gauges upto the end of October 1953.

- (a) Sultan's Battery.
- (b) Opposite the Gut.
- (c) Netravati Railway Bridge.
- (d) The two gauges only fixed recently at the end of model limits,
- (e) Bantwal, and
- (f) Mogar.

The Automatic gauge will continue, of course, till then

3. In continuation of the discussion which your Assistant Engineer has with Shri Gole, Research Officer, while he was there, I have to state that the surface current observations may be

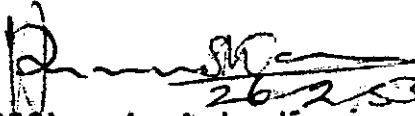

801
be carried out with as many floats as possible, limited to
at least three, depending on the availability of equipment.

4. When Shri Gole was there you had some discussion with
the Port Officer, regarding the strength of the current from
North to South. I have to request to send me a relevant extract
from the book which was shown by the Port Officer.

Yours faithfully,

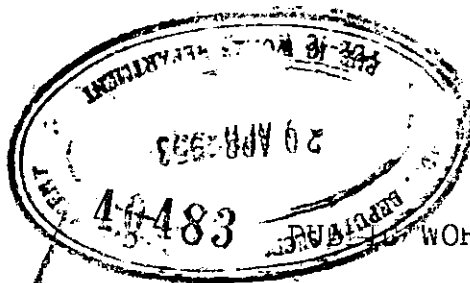

Sd/- . . .
Director, CW & PR Station.
